COLEMAN'S 10th ANNIVERSARY SALE

SHEILA—(A Coleman Origination) There are many good mid-season and late varieties but varieties of high merit combined with early blooming are scarce. SHEILA is extremely early and this reason makes it in such heavy demand.

Mr. Stephen, the big winner at the Boston show, describes it well: "With me it was magnificent; enormous blooms of rich salmon color and wonderful texture."

A few large bulbs left \$20 per 100; 25 at hundred rate.

GIANT NYMPH—(A Coleman Origination) A giant in growth and flowers. Have had it 5 ft. 8 in. tall without irrigation. In color, light rose pink with creamy yellow throat. Already half our supply has been booked. Blooms and makes a salable spike from very small bulbs.

Large bulbs all sold. $\frac{3}{4}$ in. planting stock \$20 per 100; 25 at 100 rate. Few bulblets @ \$2.50 per 100.

SHEILA'S SISTER—The same blood-lines as SHEILA, but a little lighter in color, a little larger flower and a little earlier. It certainly is a good one.

Large bulbs \$20 per 100; planting stock $\frac{1}{2}$ -1 in. \$10 per 100; 25 bulbs at 100 rate.

SWEET LAVENDER—(A Coleman Origination) Still in the ring as one of the earliest Glads in existence. Beautiful light lavender, deeper in the throat with a purple blotch that enhances its beauty. Mr. Fernald of Maine says, "Your Sweet Lavender has delighted me with blooms; stalks 41 to 46 inches tall of which 18 to 23 inches are covered with perfectly placed flowers and buds. A MASTERPIECE and one of the real honest to goodness Glads."

Large bulbs \$20 per 100; planting stock \$10 per 100. Bulblets \$1 per 100. Not many at these prices.

LEOTA—(A Coleman Origination) This grand pink flower is just right in color. A pure, clear, glowing pink half way into the flower, then shading to more delicate tints, ending in a white throat. One authority says: "Leota is the best pink I have yet seen." Plant vigorous and flowers very large.

Large bulbs \$18 per 100; planting stock \$10 per 100. Bulblets \$1 per 100.

JUNO—(A Coleman Origination) A big, fine Prim with rounded petals and tall, straight spike. Vigorous grower. Deep orange in color and one of the very few good varieties in this color. A REAL ORANGE. It will please you.

Large bulbs \$15 per 100; planting stock \$8 per 100. Bulblets \$8 per 1000.

EXTRA SPECIAL! ! 30,000 one inch All Color Mixture, fine quality and range of colors. \$6 per 1000.
